## Birthday party by Katharine Brush

They were a couple in their late thirties, and they looked unmistakably married. They sat on the banquette opposite us in a little narrow restaurant, having dinner. The man had a round, self-satisfied face, with glasses on it; the woman was fadingly pretty, in a big hat. There was nothing conspicuous about them, nothing particularly noticeable, until the end of their meal, when it suddenly became obvious that this was an occasion—in fact, the husband's birthday. And the wife had planned a little surprise for him.

It arrived, in the form of a small but glossy birthday cake, with one pink candle burning in the center. The headwaiter brought it in and placed it before the husband, and meanwhile the violin-and-piano orchestra played "Happy Birthday to You" and the wife beamed with shy pride over her little surprise, and such few people as there were in the restaurant tried to help out with a pattering of applause. It became clear at once that help was needed, because the husband was not pleased. Instead he was hotly embarrassed, and indignant at his wife for embarrassing him.

You looked at him and you saw this and you thought, "Oh, now don't be like that!" But he was like that, and as soon as the little cake had been deposited on the table, and the orchestra had finished the birthday piece, and the general attention had shifted from the man and the woman, I saw him say something to her under his breath—some punishing thing, quick and curt and unkind. I couldn't bear to look at the woman then, so I stared at my plate and waited for quite a long time. Not long enough, though. She was still crying when I finally glanced over there again.

Crying quietly and heartbrokenly and hopelessly, all to herself, under the gay big brim of her best hat. Purpose of the story is that Appreciation is the best reward of the hard work in close relations. In story the woman wants to surprise his husband on his birthday, for that purpose she arranged cake for him and also she dressed a big hat which shows her happiness on that occasion. But at last the husband shows a rude behave. Literary devices used by Narrator: Devices used by narrator to show efforts did by wife to surprise. 1. Glossy birthday cake 2. One pink candle

3. Served by headwaiter 4. Music of violin-and-piano The woman walks with a huge hat to show excitement on her husband's birthday. Hot behave of husband to show that he is now happy with his wife excitement. Opposite to narrator (not included in answer). The woman walks in with a huge hat (looking for attention) and grabs a seat. The man is wanting a simple birthday party with dinner only. The waiters come out with a huge PINK cake. It sounds like the woman is doing much for her husband, and is excited. He says something short yet hurtful and she bursts out in tears.

**Birthday Party by Katharine Brush** is a poignant short story that delves deep into the themes of disappointment, societal expectations, and the complexities of human emotions. Through the lens of a seemingly simple birthday celebration, Brush crafts a narrative that reveals the often-unspoken truths about relationships, self-worth, and the facade of happiness. This article will analyze the key elements of the story, including character development, symbolism, themes, and the overall message that Brush conveys through her writing.

## Summary of the Story

"Birthday Party" unfolds in a restaurant where a group of friends has gathered to celebrate a birthday. The

main characters include the birthday girl, her husband, and their acquaintances. As the celebration progresses, the reader witnesses a series of interactions that expose the underlying tensions and emotions within the group.

The story begins with the cheerful atmosphere of the restaurant, filled with laughter and clinking glasses. However, as the narrative unfolds, it becomes clear that the birthday girl, despite the festive surroundings, feels isolated and unappreciated. Her husband, who is supposed to be her biggest supporter, seems preoccupied and detached, failing to acknowledge her feelings. This disconnection sets the stage for the emotional turmoil that follows.

## Character Analysis

The characters in "Birthday Party" are crafted with depth, each representing different facets of social interaction and emotional complexity.

### The Birthday Girl

The protagonist, the birthday girl, embodies the struggle for validation and recognition. Her initial excitement slowly dissipates as she realizes that her friends and husband are not fully engaged in her celebration. Brush paints her as a figure caught between her desire for connection and the harsh reality of her loneliness. The contrast between her internal feelings and the external festivities highlights her emotional plight.

### The Husband

The husband serves as a foil to the birthday girl. While he is physically present, his emotional absence speaks volumes about their relationship. His indifference to her needs and feelings creates an atmosphere of neglect, ultimately leading to the birthday girl's sense of worthlessness. This character represents the societal expectation of support within a marriage, emphasizing how easily these expectations can be unmet.

### The Friends

The friends in attendance add layers to the narrative. They are depicted as superficial, more focused on enjoying the party than acknowledging the birthday girl's emotional state. Their interactions, filled with laughter and lightheartedness, stand in stark contrast to the underlying tension felt by the protagonist. This dichotomy illustrates the often-ignored reality that social gatherings can mask deeper issues.

# Thematic Exploration

Katharine Brush's "Birthday Party" is rich with themes that resonate with readers on multiple levels.

## Disappointment and Isolation

One of the most prominent themes is disappointment. The birthday girl's expectations for a meaningful celebration are dashed, leaving her feeling isolated despite being surrounded by friends. Brush masterfully captures this sentiment, illustrating how societal norms dictate the way people should feel during celebrations, often leading to feelings of inadequacy when those expectations are unmet.

## Societal Expectations

The story also highlights the pressure of societal expectations, particularly concerning relationships. The birthday girl expects her husband to recognize and celebrate her, while he fails to meet those expectations. This theme raises important questions about the authenticity of relationships and the often-unspoken agreements that govern them.

## Self-Worth and Validation

Another significant theme is the quest for self-worth and validation. The birthday girl's happiness hinges on external validation from her friends and husband, underscoring the human desire for acknowledgment and appreciation. Brush's narrative suggests that self-worth should not be contingent upon others, yet many individuals find themselves in situations where their value seems tied to external perceptions.

## Symbolism in the Story

Brush employs various symbols throughout "Birthday Party" to enhance the narrative and deepen its emotional impact.

## The Cake

The birthday cake serves as a central symbol in the story. Traditionally, a cake is a symbol of celebration and joy; however, in this context, it becomes a reminder of the birthday girl's unfulfilled desires. As the

cake is cut, the joy associated with it is overshadowed by her feelings of loneliness and disappointment, transforming a symbol of happiness into one of sorrow.

## The Restaurant

The restaurant setting symbolizes the façade of happiness and celebration. It is a place filled with laughter and joy from other patrons, contrasting sharply with the birthday girl's internal struggle. This juxtaposition serves to highlight the theme of isolation amidst a crowd, illustrating how one can feel profoundly alone even when surrounded by others.

## Writing Style and Tone

Katharine Brush's writing style in "Birthday Party" is characterized by its simplicity and clarity. The dialogue is realistic, capturing the nuances of everyday conversation, which allows readers to relate to the characters easily. The tone of the story shifts from light-hearted and celebratory to somber and introspective, reflecting the protagonist's emotional journey.

Brush's use of detailed descriptions creates vivid imagery that enhances the reader's understanding of the characters' emotions. By focusing on the subtle shifts in behavior and atmosphere, she effectively conveys the complex dynamics of human relationships.

## Conclusion

In conclusion, "Birthday Party" by Katharine Brush is a powerful exploration of the themes of disappointment, societal expectations, and the quest for self-worth. Through the lens of a seemingly joyous celebration, Brush delves into the complexities of human emotions, revealing the often-hidden struggles that individuals face. The characters, symbols, and themes work together to create a narrative that resonates deeply with readers, prompting reflection on their own experiences with relationships and expectations.

Ultimately, Brush's story serves as a reminder that the façade of happiness can often mask deeper emotional truths. By highlighting the importance of genuine connections and self-acceptance, "Birthday Party" encourages readers to look beyond the surface and acknowledge the complexities of their own lives.
