Using Your Eddie Bauer WiFi Smart Electric

Throw

Once you have successfully set up your electric throw, you can begin using it. Here's how to make the most of its features:

Adjusting Heat Settings

Your electric throw offers several heat settings for personalized comfort:

1. Open the App: Launch the Eddie Bauer Smart App on your smartphone.
2. Select Your Throw: Choose the electric throw from your list of connected devices.
3. Adjust Temperature: Use the slider to select your desired heat level (low, medium, high).
4. Monitor Temperature: The app will display the current temperature of the throw, allowing you to make adjustments as needed.

Setting a Timer

To save energy and ensure safety, you can set a timer for your electric throw:

1. Access the Timer Feature: In the app, navigate to the timer option.
2. Choose Duration: Select how long you want the throw to operate before it automatically shuts off (e.g., 1 hour, 2 hours).
3. Confirm Timer: Tap on the confirm button to activate the timer setting.

Using Voice Commands

If your electric throw is compatible with smart home systems (like Amazon Alexa or Google Assistant), you can use voice commands:

1. Link to Smart Assistant: Follow the instructions in the app to connect your throw to your preferred smart assistant.
2. Use Commands: You can say commands like "Turn on the electric throw" or "Set the throw to high heat" for hands-free operation.

Cleaning and Maintenance

To ensure the longevity of your Eddie Bauer WiFi Smart Electric Throw, proper cleaning and maintenance are crucial:

Washing Instructions

1. Unplug the Throw: Always disconnect the power supply before cleaning.
2. Remove the Controller: Detach any removable parts, such as the controller or power cord.
3. Machine Wash: Place the throw in a washing machine on a gentle cycle with cold water.
4. Drying: Either air dry the throw or tumble dry on a low heat setting, ensuring it is completely dry before use.

Regular Maintenance Tips

- Inspect Regularly: Check for any frayed wires or damage to the fabric.
- Store Properly: When not in use, store the throw in a cool, dry place away from direct sunlight.
- Avoid Overloading Circuits: Ensure the outlet you use is not overloaded with other devices.
