NURSING TEAS Study Guide

TEST OF ESSENTIAL ACADEMIC SKILLS

READING

Paragraph & Passage Comprehension

- **Passage types**
 - **Expository:** Explains, describes, or informs.
 - **Technical:** Gives directions or instructions about a specific subject (e.g., instructions on how to put something together).
 - **Narrative:** Tells a story.
 - **Persuasive:** Persuades or convinces.
- **Important terms**
 - **Topic:** The general subject of the paragraph or passage.
 - **Main idea:** The purpose of the paragraph or passage.
 - **Supporting details:** Used to explain or illustrate the main idea.
 - **Themes:** Central ideas or concepts that are explored by the paragraph or passage.
 - **Context:** The set of circumstances or facts that surround a particular event or situation.
- **Author purpose (four types):**
 - **Persuade:** Convince the reader to agree with the author (e.g., sales letters, campaign speeches).
 - **Inform:** Give information or enlighten (e.g., instructions, directions, teaching materials).
 - **Entertain:** Amuse readers (e.g., novel, short story, poem, play).
 - **Express:** Share thoughts or feelings (e.g., journal entries).
- **Text structure**
 - **Cause and effect:** The cause is why something happened; the effect is what actually happened.
EX: I won't allow my kids to use social media unless they give me their passwords. They think I'm just being nosy, but they don't realize that I'm trying to protect them from online predators.
Here is the chronological order of the events: (1) met husband, (2) went to college, (3) got jobs, and (4) started a family.
- **Compare and contrast:** To compare means that you are looking for similarities between two or more things; to contrast means that you are looking for differences.
EX: The Notebook and Romeo and Juliet are both love stories. In both stories, two young people fall in love, and their parents don't approve of their unions. In Romeo and Juliet, the two lovers die young by their own hands so that they can be together. In The Notebook, the couple grows old together, then wills themselves to die at the same time so that they, too, can be together forever.
When comparing and contrasting the two stories, this passage points out the similarities (young people fall in love, parents don't approve, they die together) and differences (one couple dies young, while the other grows old, one couple dies by their own hands, while the other wills themselves to die together).
 - **Order of importance:** Ideas are expressed in order of priority (from most important to least important or vice versa).
EX: The first thing I need to do today is finish my article that's due tomorrow morning. Then I need to schedule an interview, after which I need to work on my large project that's due next week.
The projects are listed in order of priority from most important to least. Finishing the article is the top priority, followed by scheduling the interview, then working on the project that is due next week.
 - **Problem and solution:** The paragraph or passage presents a problem, and then offers a solution to the problem.
EX: Several people in my office have recently come down with the flu. Many of these illnesses could be prevented if people would get flu shots before they got the flu and would stay home when they are sick.
The problem is that people in the office are coming down with the flu. The solutions are for people to get flu shots and to stay home when they are sick.
 - **Sequence:** The paragraph or passage describes the steps in a process in the order that they occur.
EX: When making peanut butter fudge, first mix the sugar and milk, and then boil the mixture to a soft ball stage. Next, add the peanut butter, butter, and vanilla. Then stir and pour the hot fudge into a buttered pan.
The sequence is mix, boil, add, stir, and pour.
 - **Descriptive:** The paragraph or passage provides the reader with a mental picture of what is occurring and what the writer is seeing, hearing, or feeling.
EX: When you walk through my front door, you will see my dining room on the left and my office on the right. As you walk further into the entryway, you will see the kitchen, which opens up to the living room. From the living room, there is a door to the master bedroom on the right and a hallway on the left that leads to a bathroom and the other bedrooms.
This paragraph describes the layout of the author's house.

Informational Source Comprehension

- **Sets of directions:** This portion of the test will require you to follow a series of instructions to arrive at a correct response.
EX: Start with the number 5.
+ Add 7. + Subtract 3. + Multiply by 4. + Divide by 6.
Answer: 6, because:
 $5 + 7 = 12$
 $12 - 3 = 9$
 $9 \times 4 = 36$
 $36 \div 6 = 6$
- **Reading labels:** Many products come with labels. This portion of the test will require you to read labels and pick out pertinent information.
According to the label, in which case should a patient inform the doctor?
A. The patient has kidney disease.
B. The patient has asthma.
C. The patient is allergic to penicillin.
D. The patient has cataracts.
Answer: B, because asthma is a breathing problem.
- **Printed communications:** In this portion of the test, you will be asked to interpret pertinent information from printed communications, such as ads, letters, and memos.
Memo
Flu shots will be available for free this week to all employees who choose to be vaccinated. Those who work on the first and third floors will get their shots on Tuesday. Those who work on the second and fourth floors will get their shots on Wednesday. The Tuesday shots will be given in the multipurpose room from 1:00 to 3:00 p.m. The Wednesday shots will be given in the library from 9:00 to 11:00 a.m.
If you work on the second floor, where and when should you report for your flu shot?
Answer: Wednesday, in the library, between 9:00 and 11:00 a.m.
- **Charts and graphs:** Information is often presented in the form of a chart or graph, so it is important to be able to know how to read them. In this portion of the test, you will be asked to interpret pertinent information from charts and graphs.
EX: In which quarter was the second highest number of sales?
Answer: 2nd quarter

MATH

Order of Operations

- Calculations inside parentheses should be performed first.
- Next, do multiplication and division, moving from left to right.
- Then, do addition and subtraction, moving from left to right.
 $5 \times (6 + 4 - 3) - 13$
 $= 5 \times (24 - 3) - 13$
 $= 5 \times 21 - 13 = 13$

Addition

- The sum of two positive numbers is a positive number.
 $3 + 4 = 7$
- The sum of two negative numbers is a negative number.
 $-3 + (-4) = -7$
- The sum of one positive number and one negative number can be either a positive or a negative number, depending on which number is greater.
 $-3 + 4 = 1$
 $-4 + 3 = -1$
- When adding large numbers, line them up so the right sides are aligned vertically.
 $\begin{array}{r} 344 \\ + 292 \\ \hline 636 \end{array}$

Subtraction

- Subtraction is taking away one number from another.
 $8 - 4 = 4$
 $3 - 8 = 3 + (-8) = -5$
- When subtracting large numbers, line them up so the right sides are aligned vertically.
 $\begin{array}{r} 344 \\ - 292 \\ \hline 52 \end{array}$

Multiplication

- The product of two positive numbers is a positive number.
 $3 \times 8 = 24$
- The product of two negative numbers is a positive number.
 $(-3) \times (-8) = 24$
- The product of a positive number and a negative number is a negative number.
 $8 \times (-3) = -24$
- When multiplying large numbers, line them up so that the right sides are aligned vertically.
 $\begin{array}{r} 159 \\ \times 24 \\ \hline 636 \\ 3180 \\ \hline 3816 \end{array}$

Division

- The quotient of two positive numbers is a positive number.
 $9 \div 3 = 3$
- The quotient of two negative numbers is a positive number.
 $(-9) \div (-3) = 3$
- The quotient of a positive number and a negative number is a negative number.
 $(-9) \div 3 = -3$
- Long division is used to divide larger numbers.
Answer: 17
 $425 \div 25 = 17$
 $\begin{array}{r} 17 \\ 25 \overline{) 425} \\ \underline{50} \\ 75 \\ \underline{75} \\ 0 \end{array}$

Fractions

Finding the Least Common Denominator (LCD)

- The LCD is the smallest number into which two or more denominators will

EAS study guide free resources have become increasingly popular among aspiring educators preparing for the Educating All Students (EAS) exam in New York. This exam is a crucial step for those seeking certification to teach in public schools, assessing candidates on their understanding of diverse student needs, educational theory, and instructional strategies. With the rising costs of educational materials, many candidates are on the lookout for effective and free study guides that can help them succeed. In this article, we will explore the various free resources available for EAS exam preparation, tips for effective studying, and strategies to maximize your success on the exam.

Understanding the EAS Exam

The EAS exam is a crucial component of New York's certification process for educators. This test

evaluates candidates on several key areas, including:

- Understanding students' diverse backgrounds and learning needs
- Recognizing the importance of family and community in education
- Applying pedagogical theories to real-world scenarios
- Implementing effective instructional strategies
- Assessing student learning and development

The exam consists of multiple-choice questions and constructed-response tasks, making it essential for candidates to familiarize themselves with both formats.

Where to Find Free EAS Study Guides

Fortunately, there are numerous online resources that offer free study guides and materials to help you prepare for the EAS exam. Here are some reliable sources:

1. Official New York State Education Department (NYSED) Resources

The NYSED website provides official guidelines and preparation materials for the EAS exam. Candidates can find:

- Test frameworks that outline the content areas covered
- Sample test questions to familiarize themselves with the exam format
- Study guides and references recommended for test preparation

2. Online Educational Platforms

Several educational websites offer free study guides and resources for EAS exam preparation. Some popular platforms include:

- **Study.com:** Offers a free trial with access to various EAS-related courses and study materials.

- **Khan Academy:** While not exclusively focused on the EAS, it provides valuable resources on educational theories and practices.
- **Quizlet:** Users can find flashcards and study sets created specifically for the EAS exam.

3. Educational Forums and Community Groups

Joining forums and community groups can be a great way to find free study materials and connect with other candidates. Websites like:

- **Reddit:** Subreddits related to teaching and education often have threads dedicated to EAS preparation.
- **Facebook Groups:** Many groups focus on teacher certification, where members share resources and study tips.

Utilizing Free Study Guides Effectively

Once you have access to free EAS study guides, it's essential to use them effectively to maximize your preparation. Here are some tips to help you get the most out of your study materials:

1. Create a Study Schedule

Establish a realistic study schedule that allows you to cover all necessary topics without cramming. Break down your study sessions into manageable chunks, focusing on one topic at a time. Consider the following steps:

1. Identify the areas you need to focus on based on the test framework.
2. Allocate specific days and times for studying each topic.
3. Set aside time for practice tests and review.

2. Practice with Sample Questions

Familiarize yourself with the exam format by practicing with sample questions. Use the resources

provided by NYSED and other platforms to access practice items. When practicing, keep these tips in mind:

- Time yourself to simulate real exam conditions.
- Review your answers to understand any mistakes.
- Focus on areas where you struggle to improve your knowledge.

3. Utilize Study Groups

Studying in groups can enhance your understanding of the material. Consider forming a study group with fellow candidates to:

- Discuss challenging concepts and share insights.
- Quiz each other on key topics.
- Hold each other accountable for studying regularly.

Additional Resources for EAS Exam Preparation

In addition to free study guides, there are other resources that can aid your preparation for the EAS exam. These include:

1. Educational Books and Publications

While many educational books come at a cost, some libraries offer free access to relevant study guides and textbooks. Look for key titles that cover topics like:

- Diverse student learning strategies
- Educational psychology
- Instructional design and assessment

2. Online Video Tutorials

Platforms like YouTube offer a plethora of free video tutorials and lectures focused on educational theory and teaching strategies. Search for channels dedicated to teacher preparation, where you can find engaging content that explains complex concepts.

3. Practice Exam Software

Some websites offer free or low-cost practice exam software that mimics the EAS exam format. These tools can help you assess your readiness and identify areas that need further review.

Conclusion

Preparing for the EAS exam can be a daunting task, but with the right resources and strategies, you can navigate the process successfully. By leveraging **eas study guide free** materials, establishing a solid study plan, and utilizing practice questions, you can enhance your understanding and boost your confidence. Remember, the goal is not just to pass the exam but to become an effective educator who can support and inspire students from all backgrounds. Good luck with your preparation!

Frequently Asked Questions

What is an EAS Study Guide?

An EAS Study Guide is a resource designed to help individuals prepare for the Educative Assessments System (EAS) exams, which are required for certification in various educational fields.

Where can I find free EAS Study Guides?

Free EAS Study Guides can often be found on educational websites, in online forums, or through local education institutions that offer resources for exam preparation.

Are there any reputable websites for free EAS Study Guides?

Yes, websites like Khan Academy, Quizlet, and certain educational blogs often provide free study materials and guides for EAS exams.

What subjects are typically covered in EAS Study Guides?

EAS Study Guides generally cover subjects such as literacy, mathematics, and other content-specific areas relevant to the exams.

Can I download EAS Study Guides for free?

Many resources offer downloadable PDFs or eBooks of EAS Study Guides for free, although some may require you to create an account.

Are there any online communities for EAS exam preparation?

Yes, there are various online forums and social media groups where individuals preparing for the EAS exams can share resources, including free study guides.

How can I effectively use a free EAS Study Guide?

To effectively use a free EAS Study Guide, create a study schedule, focus on the key concepts outlined in the guide, and practice with sample questions.

Is a free EAS Study Guide sufficient for exam preparation?

While a free EAS Study Guide can be a valuable resource, it's often beneficial to supplement it with additional study materials and practice tests.

Do EAS Study Guides include practice questions?

Many EAS Study Guides include practice questions and answers to help test your knowledge and readiness for the actual exam.

What are some tips for finding quality free EAS Study Guides?

Look for guides that are up-to-date, authored by experts in the field, and have positive reviews from other test-takers for quality assurance.
