### IMPULSE CONTROL: MELT OR FREEZE?

Impulse Control, or self-control, is the ability to control your behaviors and feelings. Think about the games Freeze Dance or Freeze tag — you freeze when you are using self-control. On this worksheet, you will think about how you could “freeze,” or stop to make a good choice, in the real-life situations below. You’ll also think about what the impulsive choice would be in that situation — when you “melt,” or give in to your impulses.

Write your “MELT” or impulsive choice on the left, and your “FREEZE” or responsible choice on the right.

1. Your teacher is reading a story to the class and it reminds you of a story that you read with your mom at home.
