10 Tips to Achieving Academic Success in College

1

DEFINE WHAT ACADEMIC SUCCESS MEANS TO YOU.

What is it you want to achieve? Create a short-term goal for the semester, and long-term goal for what you want to achieve. Write your goals, and read them every day.

2

EVALUATE YOURSELF.

Create a list of your strengths and weaknesses as a student. What skills are you good at? What subjects and areas do you well in? What don't you do well? What subjects are hard for you?

3

PLAN HOW YOU CAN BEST USE YOUR STRENGTHS

If you are good at certain skills figure out how you can use them to your advantage. If you love certain subjects, take every opportunity you can to explore them.

4

PLAN HOW YOU WILL IMPROVE YOUR WEAKNESSES.

If a skill or subject is hard for you, study everyday. If this is writing, then write every day. The more you practice what you learn, the more you will improve. Also, get feedback on how you are doing.

5

PUT BOTH PLANS INTO ACTION

Write down in a planner or journal what you are focusing on and reflect on how successful you are. Check your progress mid-semester and at the end of the semester. If you aren't doing as well as you hoped, change your plans.

6

READ YOUR SYLLABI.

You need to understand an instructor's policies, how your grade is calculated and have a solid overview of what is covered in the class. You'll also want to know your instructor's office hours and how you can reach him/her.

7

READ AND STUDY 1 CLASS AHEAD OF WHAT IS DUE.

If you read ahead of what is due, you'll know how one class's content relates to what comes next. This will deepen your knowledge of what you are currently studying in class.

8

GET HELP IN YOUR CLASSES.

Ask questions and get feedback on how you are doing. Visit your professor and ask what he/she thinks about your work. You can also get help from a tutor.

9

CREATE A STUDY GROUP.

Study groups are a powerful way to increase your learning. Everyone studies together. Every member teaches and learns the course material.

10

REFLECT ON WHAT YOU LEARN IN CLASSES.

Keep a journal or log where you write down a paragraph or a few paragraphs about how you feel about what you learn in classes.
