Although selecting Woodville Press to publish Talia Cordero's history book manuscript has its drawbacks, the difficulties are far outweighed by its advantages. Especially, when it comes to accomplishing the objectives of maximizing the influence her book's ideas have on the study of history and retain as many rights as possible over future use of the book's content. Indeed, under the Woodville Press option, Cordero's book will be the first publication in a series about important history topics by a press focused on humanities publications, copies of the book will be offered on both paper and electronic versions, and her publications can contain up to one chapter of the book freely.

The most notorious advantage relies on Cordero's book being the first publication of a series about important history topics. Regarding the first objective, to maximize the influence her book's ideas have on the study of history, Talia Cordero needs to be able to reach people interested on the study of history and at the same time prove that she is an authority in her field. Being the first one to publish her book manuscript in a new platform on important topics of history, regardless if the press is not the principal history journal, would fully accomplish the first objective because she would be a pioneer. Not just another history writer, like the Penwright option proposes. Being the first publication it's the advantage that she needs to be recognized as an influencer. Everyone interested on the study of history would not have doubts that the ideas came from her, because she will be the first to communicate the ideas. Even if Penwright it's a major generalized academic press that its frequently reviewed by the principal history journals, it cannot be guaranteed that Cordero's ideas will be completely fresh than when they are part of a new series of publications. Readers may think that her ideas were influenced by others that published before her, if she had gone with Penwright.

Further, copies of the book will be offered on both paper and electronic versions. Having the book in two different formats will benefit Cordero's reach to the public. Therefore, her influence within the field of history will grow, because it will be read by more people. On the other hand, Penwright's option only offers the paper format because they have been slow in adopting electronic publishing. This would not help, at all, to increase the influence her book has on the study of history. Less readers, less influence.

Finally, her publications can contain up to one chapter of the book. Turning to the second objective, to retain as many rights as possible over the future use, Cordero must accept the offer that fulfills these criteria. In this case, if she goes with Penwright, she would have to give up 25 years of exclusive publishing rights. That is more than 30% than what she would have to sacrifice if she goes with Woodville Press. Even more importantly, under Woodville's, she would still be able to include up to one chapter from the book in her publishes with absolute freedom. She will retain the ability to choose what excerpts she believes to be the most relevant to share with the public. As a matter of fact, this possibility not only fulfills the second objective of retaining rights but, it also speaks to the objective of maximizing her influence. She will have the autonomy to select which ideas can be published repeatedly. Whereas with Penwright, Cordero cannot use more than a few paragraphs without obtaining approval. This fact, in itself, violates the objective of retaining rights as much as possible over future use of the book's content.

Understanding the LSAT Writing Sample

The LSAT writing sample consists of a single task where you are asked to make a choice between two options based on a given scenario. You will need to

construct a well-reasoned argument to support your decision, demonstrating clarity, coherence, and organization. Here are some key aspects of the writing sample:

Format of the Writing Sample

- **Length:** The writing sample is not timed, but it typically takes about 35 minutes to complete. You will be given a prompt that outlines a situation and two options to choose from.
- **Task:** You will need to write an essay that defends your choice and explains why you believe it is the better option. It's crucial to anticipate counterarguments and address them effectively.
- **Submission:** The writing sample is completed on a computer, and it is submitted electronically. It is important to check for grammar, punctuation, and stylistic errors before submitting.

Importance of the Writing Sample

- **Assessment of Writing Skills:** Law schools value strong writing skills, and the writing sample gives them a glimpse into your ability to construct a logical argument.
- **Demonstration of Critical Thinking:** The writing sample allows you to showcase your critical thinking skills and how you approach complex problems.

A well-organized essay is easier to read and understand. Practice structuring your writing samples in the following way:

- **Body Paragraphs:** Each paragraph should focus on a single reason supporting your choice. Use examples and evidence to strengthen your argument.
- **Counterarguments:** Address potential counterarguments to your position and explain why your choice is still superior.

2. Ignoring the Prompt

Stay focused on the specific requirements of the prompt. Make sure you address both options and justify your choice clearly. Straying from the prompt can lead to a disorganized response.

3. Neglecting Counterarguments

Failing to address counterarguments can weaken your essay. Acknowledge opposing views and explain why your choice remains the stronger option. This demonstrates critical thinking and a balanced approach.
