Musical Themes and Motifs

One of the standout features of The Two Towers soundtrack is its ability to introduce new themes while revisiting established ones. Some of the prominent motifs include:

1. The Rohan Theme: A new addition to the score, the Rohan theme is characterized by its sweeping melodies and strong, martial rhythms, reflecting the nobility and warrior spirit of the Rohirrim. It is introduced in the track "Rohan," where the music evokes the vast plains of Rohan and the strength of its people.
