# Mary Berry's Rock Cakes Recipe

Mary Berry, often referred to as the "queen of baking," has perfected the art of making rock cakes. Her recipe is straightforward and yields delicious results that are sure to impress. Below is a step-by-step guide to creating your own batch of Mary Berry's rock cakes.

## Ingredients

To make Mary Berry's rock cakes, you will need the following ingredients:

- 225g (8 oz) self-raising flour
- 110g (4 oz) butter, softened
- 110g (4 oz) sugar
- 75g (3 oz) mixed dried fruit (e.g., raisins, sultanas, currants)
- 1 medium egg
- 1 tsp mixed spice (optional)
- 2-3 tbsp milk (if needed)
- Extra sugar for sprinkling on top

## Method

Follow these steps to make Mary Berry's rock cakes:

1. **Preheat the Oven:** Begin by preheating your oven to 190°C (375°F). Line a baking tray with parchment paper to prevent sticking.
2. **Mix Dry Ingredients:** In a large mixing bowl, sift the self-raising flour and mixed spice (if using) together. This helps to aerate the flour and ensure an even texture.
3. **Add Butter and Sugar:** Add the softened butter and sugar to the flour mixture. Using your fingertips, rub the butter into the flour until the mixture resembles breadcrumbs.
4. **Incorporate Dried Fruit:** Stir in the mixed dried fruit, ensuring it is evenly distributed throughout the mixture.
5. **Add the Egg:** Beat the egg in a separate bowl and add it to the mixture. Combine everything

until it starts to come together. If the dough appears too dry, add a little milk, one tablespoon at a time.

6. **Shape the Cakes:** Using a spoon, drop heaping tablespoons of the mixture onto the prepared baking tray, leaving space between each one as they will spread slightly while baking.
7. **Sprinkle with Sugar:** For a touch of sweetness and crunch, sprinkle a little extra sugar on top of each rock cake.
8. **Bake:** Place the tray in the preheated oven and bake for 15-20 minutes, or until the cakes are lightly golden and firm to the touch.
9. **Cool and Serve:** Once baked, remove the tray from the oven and let the rock cakes cool for a few minutes before transferring them to a wire rack. Enjoy them warm or store them in an airtight container.
