Background of Upton Sinclair

Upton Sinclair (1878-1968) was an influential American writer, social activist, and muckraker, best known for his 1906 novel, *The Jungle*, which exposed unsanitary conditions in the meatpacking industry. Historical Context of Oil!

The early 20th century was a period of rapid industrial growth in the United States, particularly in California, where the oil boom transformed the economy and society.
