Understanding Osso Bucco

Osso bucco, meaning "bone with a hole" in Italian, originates from the northern region of Lombardy. Traditionally made with veal shanks, the dish is characterized by the marrow that fills the bone, which adds a rich flavor and silky texture to the sauce. The meat is typically braised with vegetables, white wine, and broth, making it a comforting meal that is perfect for family gatherings or special occasions.

The Variations of Osso Bucco

While veal shank is the most common choice, osso bucco can also be made with different types of meat, including:

1. Pork shank - A more affordable option that still delivers a delicious outcome.
2. Lamb shank - Offers a unique flavor profile for those who enjoy lamb.

3. Beef shank - A heartier alternative that can be found in many grocery stores.

Each variation has its own distinct taste, but the cooking method remains largely the same.

Step-by-Step Instructions for Cooking Osso Bucco

Now that you have all your ingredients, it's time to get cooking! Here's a step-by-step guide to making Jamie Oliver's osso bucco.

1. Prepare the Ingredients

Start by prepping your ingredients:

- Pat the veal shanks dry with paper towels and season them generously with salt and pepper.
- Chop the onion, carrots, and celery into small pieces (this mixture is known as soffritto).

- Mince the garlic and set aside.

2. Sear the Veal Shanks

- In a large, heavy-based pot or Dutch oven, heat a good drizzle of olive oil over medium-high heat.
- Add the veal shanks to the pot and sear them on all sides until they are nicely browned. This will take about 8-10 minutes. Once browned, remove the shanks from the pot and set them aside.

3. Cook the Vegetables

- In the same pot, add a bit more olive oil if necessary. Toss in the chopped onion, carrots, and celery.
- Cook the vegetables for about 5-7 minutes until they are softened and starting to caramelize. Add the minced garlic and cook for an additional minute, stirring frequently.

4. Deglaze the Pot

- Pour in the white wine and use a wooden spoon to scrape up any browned bits from the bottom of the pot. Let the wine simmer for a few minutes until it reduces slightly.

5. Add the Remaining Ingredients

- Return the seared veal shanks to the pot, and add the chicken or vegetable stock, chopped tomatoes, fresh thyme, and the bay leaf. Make sure the shanks are submerged in the liquid.

6. Braise the Osso Bucco

- Bring the mixture to a gentle simmer, then cover the pot with a lid and reduce the heat to low.
- Allow the osso bucco to braise for about 2 to 2.5 hours, or until the meat is tender and falling off the bone. Stir occasionally and check the liquid levels; add more stock or water if necessary to ensure the shanks remain submerged.

Making the Gremolata

While the osso bucco is cooking, prepare the gremolata. This fresh herb condiment adds a bright, zesty flavor to the rich dish.

1. Combine the Ingredients

In a small bowl, mix together:

- Zest of 1 lemon
- 1 minced garlic clove
- A handful of chopped fresh parsley

Set aside until you are ready to serve.
