- Inhabited mainly by Jews, providing a backdrop for some of Jesus's teachings.

1. Roman Rule

- Palestine was part of the Roman Empire, having been annexed in 6 CE.
- The region was governed by a series of Roman procurators, including Pontius Pilate, who played a pivotal role in the trial and crucifixion of Jesus.
- Taxation and laws imposed by Rome were a source of resentment among the Jewish population.

2. Herodian Dynasty

- King Herod the Great ruled Judea from 37 BCE to 4 BCE, known for his extensive building projects, including the expansion of the Second Temple.
- After Herod's death, his kingdom was divided among his sons, leading to further instability.

3. Jewish Resilience and Resistance

- The Jewish population was divided into various sects, each with differing beliefs and approaches to Roman occupation.
- Key groups included the Pharisees, Sadducees, Essenes, and Zealots, each playing a role in the socio-religious landscape of the time.

- Society was patriarchal, with women often relegated to domestic roles.
- However, women played essential roles in the family and, in some cases, in religious life (e.g., women at the tomb, Mary Magdalene).

Political Tensions and Conflicts

The political landscape of Palestine was rife with tensions that would eventually culminate in significant conflict.

1. Rebellions Against Rome

- There were several notable Jewish uprisings against Roman authority, including the Zealots' insurrection.
- The socio-economic hardships faced by the lower classes fueled resentment and rebellion.

2. The Role of the Sanhedrin

- The Sanhedrin was the Jewish ruling council, composed of priests and elders.
- Their authority was challenged by Jesus's growing influence, leading to a complex relationship, particularly in the context of His trial.

3. Crucifixion of Jesus

- The culmination of tensions and conflicts was the trial and crucifixion of Jesus, seen by many as a threat to both Jewish religious authority and Roman stability.
- His execution by crucifixion was a Roman method of punishment for insurrectionists and was indicative of the political climate of the time.
