

Perks Of Being A Wallflower Notes

A extract from The Perks of Being A Wallflower about abuse and secrets

September 16, 1991
Dear friend,

I have finished *To Kill a Mockingbird*. It is now my favorite book of all time, but then again, I always think that until I read another book. My advanced english teacher asked me to call him "Bill" when we're not in class, and he gave me another book to read. He says that I have a great skill at reading and understanding language, and he wanted me to write an essay about *To Kill a Mockingbird*.

I mentioned this to my mom, and she asked why Bill didn't recommend that I just take a sophomore or junior english class. And I told her that Bill said that these were basically the same classes with more complicated books, and that it wouldn't help me. My mom said that she wasn't sure and would talk to him during open house. Then, she asked me to help her by washing the dishes, which I did. Honestly, I don't like doing dishes. I like eating with my fingers and off napkins, but my sister says that doing so is bad for the environment. She is a part of the Earth Day Club here in high school, and that is where she meets the boys.

They are all very nice to her, and I don't really understand why except maybe the fact that she is pretty. She really is mean to these boys. One boy has it particularly hard. I won't tell you his name. But I will tell you all about him. He has very nice brown hair, and he wears it long with a ponytail. I think he will regret this when he looks back on his life. He is always making mix tapes for my sister with very specific themes. One was called "Autumn Leaves." He included many songs by the Smiths. He even hand-colored the cover. After the movie he rented was over, and he left, my sister gave me the tape.

"Do you want this, Charlie?"

I took the tape, but I felt weird about it because he had made it for her. But I listened to it. And loved it very much. There is one song called "Asleep" that I would like you to listen to. I told my sister about it. And a week later she thanked me because when this boy asked her about the tape, she said exactly what I said about the song "Asleep," and this boy was very moved by how much it meant to her. I hope this means I will be good at dating when the time comes. I should stick to the subject, though. That is what my teacher Bill tells me to do because I write kind of the way I talk. I think that is why he wants me to write that essay about *To Kill a Mockingbird*.

This boy who likes my sister is always respectful to my parents. My mom likes him very much because of this. My dad thinks he's soft. I think that's why my sister does what she does to him.

This one night, she was saying very mean things about how he didn't stand up to the class bully when he was fifteen or something like that. To tell you the truth, I was just watching the movie he had rented, so I wasn't paying very close attention to their fight. They fight all the time, so I figured that the movie was at least something different, which it wasn't because it was a sequel.

Anyway, after she leaned into him for about four movie scenes, which I guess is about ten minutes or so, he started crying. Crying very hard. Then, I turned around, and my sister pointed at me. "You see. Even Charlie stood up to his bully. You see." And this guy got really red-faced. And he looked at me. Then, he looked at her. And he wound up and hit her hard across the face. I mean hard. I just froze because I couldn't believe he did it. It was not like him at all to hit anybody. He was the boy that made mix tapes with themes and hand-colored covers until he hit my sister and stopped crying.

The weird part is that my sister didn't do anything. She just looked at him very quietly. It was so weird. My sister goes crazy if you eat the wrong kind of tuna, but here was this guy hitting her, and she didn't say anything. She just got soft and nice. And she asked me to
