

# Poetry Of The First World War

## The Guns Went Silent

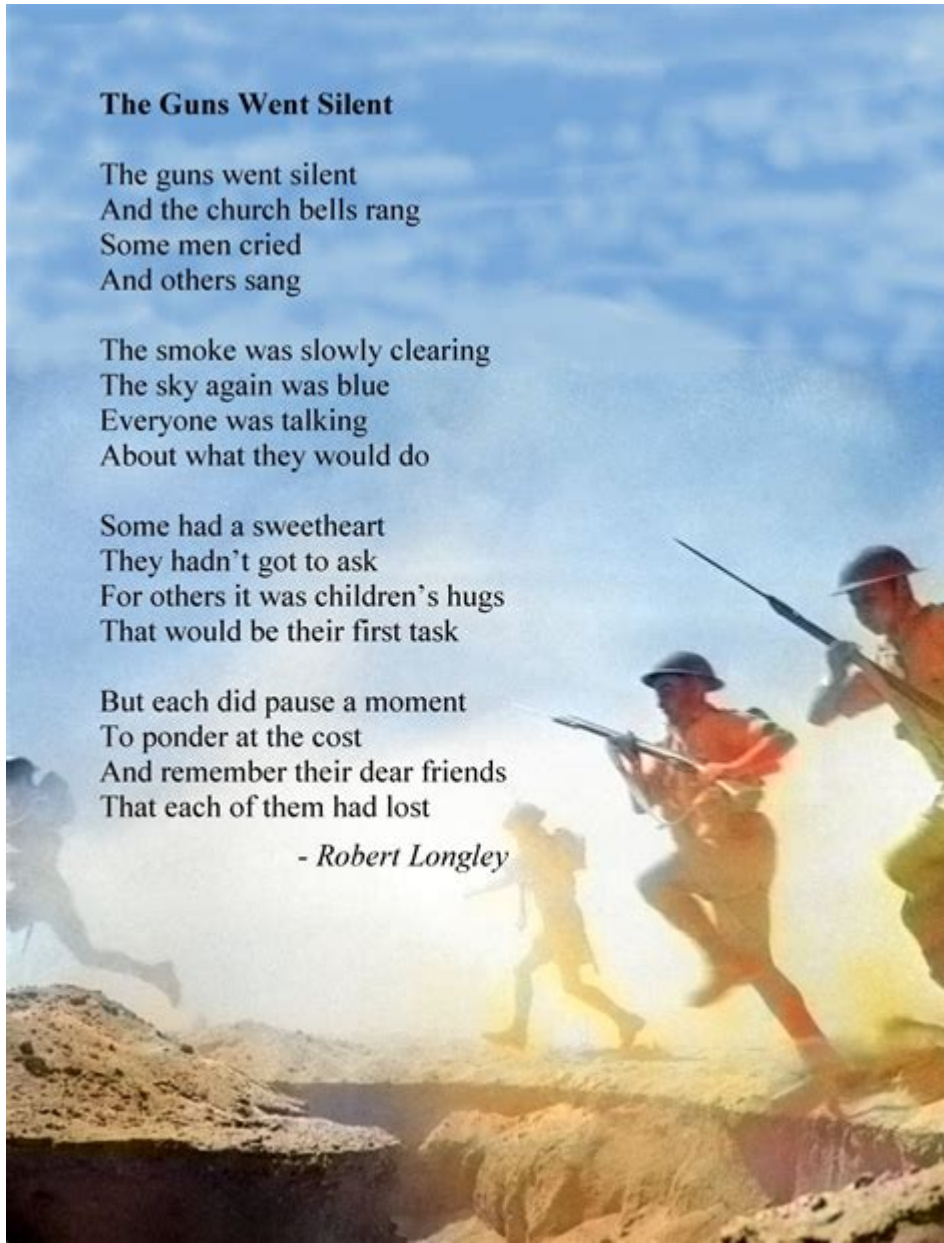

The guns went silent  
And the church bells rang  
Some men cried  
And others sang

The smoke was slowly clearing  
The sky again was blue  
Everyone was talking  
About what they would do

Some had a sweetheart  
They hadn't got to ask  
For others it was children's hugs  
That would be their first task

But each did pause a moment  
To ponder at the cost  
And remember their dear friends  
That each of them had lost
