Periodic Maintenance Tasks

1. Battery Care:
- Avoid exposing the battery to extreme temperatures.
- Charge the battery fully every few weeks, even if not in regular use.

2. Device Cleaning:
- Wipe the exterior surfaces with a damp cloth and mild detergent.
- Do not use abrasive cleaners or solvents that may damage the device.

3. Professional Servicing:
- Schedule a professional check-up annually to ensure the device operates within specifications.

Troubleshooting Common Issues

While the Sequal Eclipse 5 is reliable, you may encounter minor issues. Here are some common problems and their solutions.

Device Does Not Turn On

- Check Power Supply: Ensure the device is plugged in and the outlet is functional.

- Battery Status: If using battery power, check if the battery is charged.

Low Oxygen Flow

- Check Cannula/Mask: Ensure there are no kinks or blockages.
- Inspect Filters: A clogged filter can reduce oxygen delivery. Clean or replace as necessary.

Alarm Activation

- Identify Alarm Type: Refer to the user manual for specific alarm codes.
- Resolve Issues: Address the indicated problem, whether it's low battery, airflow obstruction, or other technical faults.

Conclusion

The Sequal Eclipse 5 is an invaluable tool for those requiring oxygen therapy, providing flexibility and reliability in various settings. By following the guidelines outlined in this user manual, you can ensure that your device remains in optimal condition, enhancing your quality of life. Always consult with your healthcare provider for personalized advice on using your oxygen concentrator effectively, and refer back to this manual for any operational or maintenance questions. With proper care and attention, your Sequal Eclipse 5 will serve you well for years to come.
