- Remind them of the importance of listening for key words or phrases which could fit the gaps.
- Ask: What kind of information should you be listening for to complete number 1 in exercise 2? (a reason why there should be more facilities in the town)
- Elicit what the possible reasons are. (greater number of people now/not enough choice at the moment/present facilities not good enough/etc)
- Divide the class into pairs.
- Ask them to read through the sentences in exercise 2 and talk together about the kind of information that they think they might hear.
- Elicit their suggestions, asking for justification.

#### ► Exercise 2

- Students now listen to the whole of the interview with the woman.
- Remind them that they will hear the interview twice. The first time they listen they should take notes and the second time they listen they should check their answers.

- Play the listening text.
- Elicit answers, asking students to justify their answers by paraphrasing what they heard.
- Ask students if any of their guesses from exercise 1 were right or nearly right.

- 4 (about) six months ago. '... probably about six months ago now.'
- 5 could walk there. Interviewer: 'Do you think you'd be more likely to visit that theatre?' Woman: 'I might, yes, if I could walk there ...'
- 6 from other countries. 'It would be good if we could have more musicians from other countries.'
