THE ART OF MARRIAGE

by Wilferd Arlan Peterson

Happiness in marriage is not something that just happens.
A good marriage must be created. In marriage the little things are the big things.

It is never being too old to hold hands.

It is remembering to say "I love you" at least once a day.

It is never going to sleep angry.

It is at no time taking the other for granted; the courtship should not end with the honeymoon, it should continue through the years.

It is having a mutual sense of values and common objectives.

It is standing together facing the world. It is forming a circle of love that gathers the whole family.

It is doing things for each other, not in the attitude of duty or sacrifice, but in the spirit of joy.

It is speaking words of appreciation and demonstrating gratitude in thoughtful ways.

It is not looking for perfection in each other.

It is cultivating flexibility, patience, understanding and a sense of humour.

It is having the capacity to forgive and forget.

It is giving each other an atmosphere in which each can grow old.

It is a common search for the good and the beautiful.

It is establishing a relationship in which the independence is equal, dependence is mutual and the obligation is reciprocal.

It is not only marrying the right partner; it is being the right partner.

The art of marriage Wilferd A. Peterson is a timeless exploration of the intricacies of partnership and love. Peterson, an esteemed author and motivational speaker, dedicated much of his work to understanding the dynamics of relationships and the essential qualities that foster lasting bonds. In this article, we will delve into the key themes presented in his writings, explore practical advice for nurturing a healthy marriage, and reflect on the importance of communication, trust, and commitment.

Understanding the Art of Marriage

The art of marriage is not merely about the legal union of two individuals; it's about the daily practice of love and commitment. Peterson emphasizes that marriage is a living entity that requires attention, care, and nurturing.

The Foundation of Love

At the heart of Peterson's philosophy is the understanding that love is a choice, not merely a feeling. This foundational aspect of marriage can be broken down into several key components:

1. Commitment: A successful marriage requires both partners to commit to one another and the relationship.
2. Respect: Mutual respect allows each partner to feel valued and heard, which is essential for a healthy partnership.
3. Understanding: Taking time to understand each other's perspectives fosters empathy and strengthens the bond.
4. Compromise: Marriage is about partnership, which often requires finding middle ground and being willing to bend for the other.

The Role of Communication

Effective communication is one of the cornerstones of a successful marriage. Peterson advocates for open and honest dialogue, stating that it is essential to address issues before they become conflicts. Here are some strategies to enhance communication:

- Active Listening: Make a conscious effort to listen to your partner without interrupting. This shows that you value their thoughts and feelings.
- Express Yourself Clearly: Use "I" statements to express your feelings without blaming or criticizing your partner.
- Regular Check-ins: Schedule time to discuss your relationship, feelings, and any concerns that may arise. This practice can help prevent misunderstandings.

Nurturing the Relationship

Peterson emphasizes that nurturing a marriage requires intentionality and effort. Just as a garden needs water and sunlight to thrive, a marriage flourishes when both partners invest time and energy into their relationship.

Quality Time Together

Spending quality time together is crucial for maintaining a strong connection. Here are some activities

that can help couples bond:

- Date Nights: Regularly scheduled date nights provide an opportunity to rekindle romance and enjoy each other's company.
- Shared Hobbies: Engaging in activities that both partners enjoy fosters teamwork and strengthens the relationship.
- Travel: Exploring new places together can create lasting memories and deepen your connection.

Acts of Kindness and Appreciation

Small gestures of love and appreciation can have a profound impact on a marriage. Peterson encourages couples to express affection in everyday situations. Consider the following ideas:

- Leave Love Notes: A simple note expressing your love can brighten your partner's day.
- Compliments: Regularly acknowledging your partner's strengths and contributions can reinforce feelings of appreciation.
- Surprises: Plan small surprises, like preparing a favorite meal or organizing a spontaneous outing.

Building Trust

Trust is a fundamental component of a healthy marriage. Peterson highlights that trust is built over time through consistent actions and honesty.

Honesty and Transparency

Being open and honest with one another creates a sense of security in the relationship. Here are ways to cultivate honesty:

- Share Your Thoughts: Be open about your feelings, fears, and dreams. This practice builds intimacy.
- Avoid Secrets: Keeping secrets can erode trust. Transparency is key to a strong partnership.
- Admit Mistakes: Acknowledging when you are wrong and apologizing sincerely helps rebuild trust when it's broken.

Setting Boundaries

Establishing healthy boundaries is essential in a marriage. According to Peterson, boundaries ensure that both partners feel safe and respected. Consider the following:

- Discuss Personal Space: Talk about the need for personal time and space and respect each other's boundaries.
- Define Expectations: Clearly communicate what you expect from each other to avoid misunderstandings.
- Addressing External Influences: Discuss how family, friends, and work can impact your relationship.

and agree on how to manage these influences.

Commitment to Growth

Peterson asserts that a successful marriage is a journey of growth for both partners. Embracing change and supporting each other's development is crucial for a thriving relationship.

Encouraging Personal Development

Encouraging your partner to pursue their interests and passions contributes to a fulfilling marriage. Here are some ways to support one another:

- Set Goals Together: Create shared goals that align with both partners' dreams and aspirations.
- Attend Workshops: Consider attending relationship workshops or seminars to strengthen your skills as a couple.
- Celebrate Achievements: Acknowledge and celebrate each other's accomplishments, no matter how small.

Adapting to Change

Life is full of changes, and how couples navigate these changes can impact their marriage. Peterson emphasizes the importance of adaptability:

- Embrace Change: View changes as opportunities for growth rather than challenges.
- Stay Connected: During times of change, maintain open communication to support one another.
- Seek Support When Needed: Don't hesitate to seek professional help or counseling if faced with significant challenges.

Conclusion

In summary, the art of marriage Wilferd A. Peterson teaches us that a successful partnership is a continuous journey that requires commitment, communication, trust, and growth. By focusing on nurturing the relationship, fostering open dialogue, and supporting each other's development, couples can create a loving and lasting bond. As Peterson so eloquently states, marriage is not just a union; it's an art form that, when practiced with intention and love, can lead to a beautiful and fulfilling life together. Embracing this philosophy can transform the way we approach marriage, ensuring that it remains a source of joy and companionship for years to come.
