Managing Your Staff

Hiring the Right Staff

1. Diversify Skills: Hire staff with varied skills. Look for doctors with specialties in different treatment areas and nurses who can handle multiple tasks.

Staff Morale and Happiness

1. Provide Facilities: Ensure that staff have access to restrooms, staff rooms, and even entertainment options like a coffee machine or arcade machines.
2. Monitor Happiness Levels: Keep an eye on staff happiness levels and address issues promptly to avoid burnout.

Understanding Illnesses
