**When was the Serenity Prayer written?** This question leads us into the rich history of one of the most well-known prayers in the world, a prayer that has transcended its religious origins to become a mantra for countless individuals seeking solace and strength in times of struggle. The Serenity Prayer is often associated with Alcoholics Anonymous and various other self-help and recovery programs, but its origins and the story behind its creation are both fascinating and complex.

## Origins of the Serenity Prayer

The Serenity Prayer is traditionally attributed to the American theologian Reinhold Niebuhr, who is believed to have penned it in the early 20th century. The prayer itself is a simple yet profound invocation seeking peace, courage, and wisdom. The most commonly recited version of the prayer is:

"God, grant me the serenity to accept the things I cannot change,  
Courage to change the things I can,  
And wisdom to know the difference."

## **The Context of the Early 20th Century**

Understanding the timeframe of the prayer's creation involves examining the social and political climate of the early 20th century. This was a period marked by significant upheaval, including:

- The aftermath of World War I
- The Great Depression
- The rise of modern psychology and self-help movements

Reinhold Niebuhr, a prominent theologian and ethicist, was deeply influenced by these societal changes. His theological and philosophical frameworks were shaped by the struggles of humanity during this time, leading him to contemplate the nature of human existence, morality, and the divine.
