What is RCI?

RCI was founded in 1974 and has grown to become the world's largest vacation exchange network. With over 4,300 affiliated resorts in more than 100 countries, RCI allows members to exchange their timeshare accommodations for different locations and experiences. This flexibility makes it easier for vacation owners to enjoy new destinations and accommodations without needing to purchase additional timeshares.

How RCI Works

Understanding how RCI functions is crucial for maximizing your membership.

Here's a breakdown of the process:

1. Become a Member

To take advantage of RCI's extensive network, you must first become a member. This typically involves purchasing a timeshare at an RCI-affiliated resort. After purchasing, you can enroll in RCI, which may require a one-time fee and an annual membership fee.

2. Deposit Your Timeshare Week

Once you're a member, you can deposit your timeshare week into the RCI exchange pool. This step is vital; it allows you to trade your week for a stay at a different resort. Depositing your week usually occurs several months in advance of your desired travel dates.

3. Search for Available Resorts

After depositing, you can search RCI's extensive database for available resorts. You can filter your search based on various criteria, including location, resort amenities, and travel dates.

4. Confirm Your Exchange

Once you find a suitable resort, you can confirm your exchange. RCI will provide you with all the necessary details, including check-in procedures and additional fees if applicable.

5. Enjoy Your Vacation!

Finally, you can enjoy your vacation at the resort of your choice, making the most of your time away from home.
